## A Message From Village Mayor **GEORGE J. GRAF**

I want to congratulate and welcome our two newly elected Trustees: Patricia A. Christiansen and George "Butch" Starkie. I also want to acknowledge, thank and commend the other candidates for taking the time to run for the trustee positions. Even though they did not win, I know they will stay involved and continue to provide their thoughts and input to my administration. I want to thank the Concerned Citizens Association of Farmingdale (CCAF) and their President Mike Grello for hosting the "Meet the Candidates Night" at their March meeting. The meeting featured all seven trustee candidates, the two candidates for Village Court Justice, Deputy Mayor Rachiele, Trustee Langon and I. Each candidate was given eight minutes to speak and answer questions. All the candidates spoke well and I compliment them on how they presented their views and ideas. The resounding bottom line was and still is, that they love living in Farmingdale and want to be part of keeping our fair village a great place to live. It was a tremendous opportunity for all residents and community members to see first hand what they were all about and ask them questions about their platforms. It was very unfortunate that more Village residents did not attend. I know that everybody is busy and on any

given night there are multiple events, meetings and chores to do. The bottom line is: our residents missed the chance to see, hear and interact with the candidates. I hope that in the future more of our residents will come to these type forums to learn about the people and board who govern the Village. I am pleased to say that we have seen new residents attending our last trustee meeting and budget workshops. I also once again invite all Village residents and community members to attend our monthly trustee meetings and become part of our open government. If you can't attend please visit our website: [www.farmingdalevillage.com](http://www.farmingdalevillage.com) to keep abreast of the happenings and goings on. If you have questions, concerns, ideas please feel free to write or call Village hall. I look forward to seeing you at our meetings.

He attended Parkway Oaks, Mill Lane School, Howitt Middle School and is a 1975 graduate of Farmingdale High School. He went on to graduate with honors from the School of Hard Knocks and continues to earn credits in this field every day.

## Shop Farmingdale- Save Gas!

**W**ith the arrival of warmer weather comes the other inevitable seasonal rite of passage, rising prices at the gas pumps. With \$3 prices already here and expectations to go higher all us really do need to carefully look at how to conserve and get the most for our hard earned money. Our village offers a wide variety of restaurants and eateries featuring a world wide array of cuisines. The Village is pleased to announce that a new restaurant, Viva Juan, will be opening soon at 169 Main Street (the old Melanies/Side Car Café). From Bagels to Zeppoles, for breakfast, lunch, dinners or snacks there is a business waiting to serve you. In addition to the gas savings you most likely will receive better service and a greater value from our local establishments. Our shopping district not only offers you wonderful restaurants, but a potpourri of stores for all your needs: hardware, health and beauty, flowers, gifts, baked goods, printing and much more. Please take the time to walk the downtown area and see first hand what our local merchants have to offer. Our fair town also has a plethora of professionals (doctors, dentists, accountants, lawyers) waiting to assist and care for you. While the majority of the stores and businesses are on Main Street, please remember that there are many other businesses within the village boundaries that will offer you the same savings and values. Fulton Street Plaza, Conklin Street and Route 109 all have a wide variety of stores to assist you with all your needs. Please try and make an extra effort to patronize the special businesses that support our local non profit and charitable organizations. To learn more about our local businesses you can visit our web site ([www.farmingdalevil-](http://www.farmingdalevil-)

[lage.org](http://www.farmingdalevil-) or [.com](http://www.farmingdalevil-.com)) and go to the Shop Farmingdale box on the left column. Click on the Farmingdale Chamber of Commerce link to see the listings. Our local chamber does so much for our community also. Please support their members so they can continue to support us. You can also click on shop locally to get money saving coupons for many of our local stores. While the gas savings will certainly help, there is, in my opinion, a much greater value by shopping in town- meeting and seeing your neighbors and community members. The village takes on a very unique personality of its own in the summer one that you really have to experience for yourself. We'll see you in town!
